## A Highly Palatable, Calorie-Dense, 'Super Fibre' for Horses.

- **Dunstan Betabeet** is very palatable. Horses enjoy this highly digestible 'Super Fibre'.
- As a quality fibre, **Dunstan Betabeet** enhances **digestive health** through optimising the microbial environment of the hind-gut.
- **Low in Starch and Sugar.**
- Suitable for horses prone to **Laminitis**.
- **Dunstan Betabeet** provides a '**cool**' calorie source. It is an ideal feed supplement for horses that get 'hot' on grain-based feeds.
- Horses prone to '**tying-up**' can have a portion of grain removed from the diet and replaced with **Dunstan Betabeet**.

- **Dunstan Betabeet** is high in **Calcium**, making it an ideal complement to Oats and Bran, helping to balance the diet.
- Provides an **additional fibre source** that is valuable in preparing rations for horses prone to **ulcers**.
- As a soaked supplement, **Dunstan Betabeet** is a valuable addition to the ration for horses when travelling and away to assist in **hydration**.
- As it is fed soaked, **Dunstan Betabeet** is suitable for horses that suffer from **respiratory conditions**.

Typical Analysis (approximate on a Dry Matter Basis)		
Protein		10.0%
Fibre		16.0%
Sugars		5.01%
Calcium		0.65%
Phosphorus		0.07
DE MJ/kg		12.0

### FEEDING RECOMMENDATIONS

Horse's Body Weight	200kg	300kg	400kg	500kg	600kg
<b>Dunstan Betabeet</b> (Dry Weight)	0.2 - 0.5kg	0.3 - 0.8kg	0.5 - 1kg	0.5 - 1.5kg	1 - 2 kg

**NOTE: ALWAYS ENSURE DUNSTAN BETABEET IS FULLY SOAKED PRIOR TO FEEDING.**

- The feeding rates are intended as a guide and adjustments may be required according to body weight, condition score and pasture availability.
- **Easy to use.** The only preparation required is the soaking of **Dunstan Betabeet** in 5 parts water to 1 part **Dunstan Betabeet** ( For example 200 grams of dry Betabeet requires 1 Litre of water to soak)
- **Dunstan Betabeet** is fully soaked in 10mins. Warm water ensures faster soaking.

#### FEEDING NOTES:

- Horses require a bare minimum of 1% of their body weight in hay, chaff, **Dunstan Betabeet/Dunstan Sugarbeet** or pasture daily (on a dry matter basis).
- **Dunstan Betabeet** as a quality fibre source can be used as a fibre replacement when pasture may be limited.
- Always ensure the horse has access to clean drinking water.

**Dunstan Horse Feeds are produced in Equine-Safe manufacturing plants.
